## ESSAY QUESTIONS

Please respond to the following essay question.

In 1950, during his final commencement address as Headmaster, Curtis Cate reflected upon his forty years of service to the School with the following statement:

"Finally, we leave behind the spirit of this place, all compounded of beauty and virtue, of quiet study and vigorous play and hard work, of little disappointments and great satisfactions, of youth and growing and attaining. But part of the spirit of the place goes with us."

Though his quotation is now more than sixty years old, the message behind Mr. Cate's words still holds true. For many students, faculty, and parents, the Mesa evokes profound emotions and memories. Describe a location that you know which strikes in you strong feelings or recollections. It can be a place that you know well or a place that you have seen only briefly. Do your best to describe the spirit of your place. Use your creativity and imagination to take us there and allow us to understand why it is so meaningful to you.
