

A Message from the Mesa

Dear Families,

We are pleased to be able to welcome you back to the Mesa in an effort to retrieve your belongings and pack for the summer break. Our administration has worked closely with the Santa Barbara County Department of Public Health to coordinate limited visitors on campus over the next several weeks. If you are able to return to Cate to pack up your student's room, families will be limited to two members on campus at any time for each time block reserved.

For seniors, we will remain in communication with you as we hope to be able to convene in person to celebrate your Commencement. You are, of course, welcome to come and collect your belongings in May, if you are able.

We do not expect anyone to fly to Cate to pack their room. If you cannot reasonably travel to campus, let us know and we will arrange to have your belongings packed and stored here on campus.

Reserve a Time

Please sign up for an available time slot by following the schedule link below. Unfortunately, due to County restrictions, we cannot allow students and/or their families to visit any other areas of the school facility. Access to the campus will be limited to the dormitory of residence only. The full guidelines and procedures are [available here](#). A pre-screening questionnaire will need to be completed prior to your arrival at Cate and will be emailed once an appointment has been scheduled.

May 1 - 9

May 10 - 16

May 17 - 23

May 24 - 30

Day-Of Health Screening

Our Health Center staff will be conducting in-person screenings as you enter campus on the day of your visit. As always, we ask that you stay at home if you have been feeling sick or demonstrating any symptoms of infection.

Questions

Should you have any questions after reading the guidelines and procedures outlined below, you may send any questions to packing@cate.org
